A journey for the soul.*

COME AND DISCOVER THE CRETE I KNOW

I lived on Crete for many years and, more than 30 years after I first fell in love with the island, it remains one of the great loves of my life. For two glorious weeks I'll share with you its extraordinary food and wine, ancient history, mountain villages, hidden corners and, above all, its people.

We'll eat with friends, cook with locals, explore Minoan palaces and Venetian towns, swim in impossibly blue water and linger over long lunches in tavernas where philoxenia - hospitality to a stranger - is simply a way of life.

A TASTE OF WHAT AWAITS...

- Sail by traditional fishing boat to Spinalonga and around the Bay of Elounda.
- Explore Knossos with an expert guide, followed by lunch with an archaeologist.
- Cook Cretan food in a centuries-old olive press high in the mountains.
- Wander - and eat - your way through the old towns of Chania and Rethymno.
- Discover the secrets of Cretan olive oil on the Olive Trail.
- Feast on seafood beside the water and enjoy home-cooked meals with family friends.
- Visit mountain villages, markets, monasteries and artisan producers.
- Swim in the Cretan sea and linger over sunset cocktails at the water's edge.
